

Is your AED out of warranty?

Trade in your old AED with a purchase of a LIFEPAK® or HeartSine® AED and receive up to a \$250* rebate.

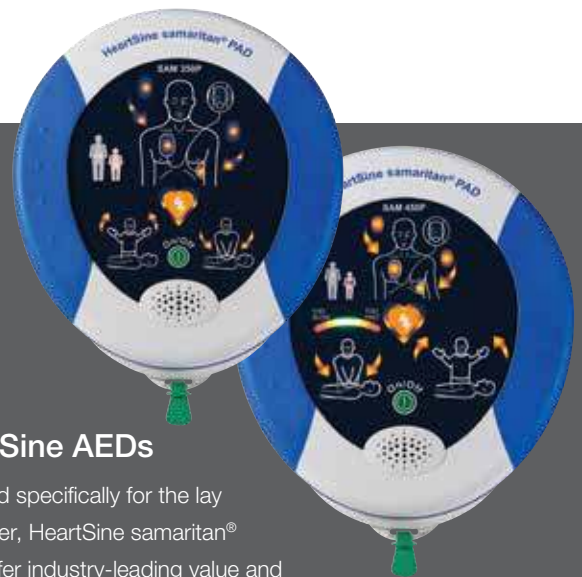

You can trust the industry leader.

Physio-Control provides the widest range of AEDs, all with clinically proven effectiveness and escalating energy.

LIFEPAK AEDs

LIFEPAK AEDs combine full-energy dosing ranges and exceptional ease of use to set the standard in emergency care for professionals and public access customers.

HeartSine AEDs

Designed specifically for the lay responder, HeartSine samaritan® AEDs offer industry-leading value and environmental protection, all in an easy-to-operate system in the smallest and lightest package available.

Talk with your Physio-Control representative for more details on eligibility and trade-in requirements.

To submit your request for a rebate, please go to: www.physio-control.com/aedrebate

Physio-Control is now part of Stryker.
All claims valid as of December 2016.

* \$250 value is for LIFEPAK CR Plus or HeartSine samaritan 450P AEDs. Rebate web form can be used for various AED makes and models. Trade-in values are determined by AED model type and condition of AED. This promotion cannot be combined with any other offer. Completed web form and AED unit must be received within 60 days from date of purchase.

Rebate payments take approximately 8-10 weeks from date of submission. Serial number(s) must match the serial number(s) of the device traded in.
